

**Assoc. Prof. Dr. Nghiem Huu Thanh, MD, PhD**

Former Director – Central Acupuncture Hospital, Vietnam  
Vice President – Vietnam Acupuncture Association  
Chairman – Scientific Council, Central Acupuncture Hospital

**Professional Biography**

Associate Professor Nghiem Huu Thanh is a leading Vietnamese expert in acupuncture and traditional medicine, with extensive experience in clinical practice, scientific research, and medical education. His professional work focuses on the clinical application of acupuncture in neurological disorders, rehabilitation medicine, and non-pharmacological treatment approaches within traditional medicine.

Throughout his career, he has played an important role in the development of acupuncture medicine in Vietnam, particularly through his leadership at the Central Acupuncture Hospital and his active participation in national professional organizations. In addition to clinical practice, he has been involved in training physicians, supervising scientific research, and promoting the integration of acupuncture therapy with modern rehabilitation medicine.

Research and clinical work emphasize the use of acupuncture in stroke rehabilitation, the management of musculoskeletal and spinal disorders, and the development of non-drug therapeutic approaches in traditional medicine.

**Academic and Leadership Positions**

- Former Director, Central Acupuncture Hospital, Vietnam
- Vice President, Vietnam Acupuncture Association
- Chairman, Scientific Council, Central Acupuncture Hospital
- Senior expert in acupuncture and traditional medicine
